MIHIMIHI

E mihi ana ki ngā maunga hakahī e
taiāwhio mai ana, e hōrapa ana i a tātou kua
hakakāinga mai ki roto o Kaikohekohe me
ōna pānga rohe i mahue ake ngā tapuwae o ō
tātou mātua tūpuna o ina.

E mihi ana ki te whenua, e tangi ana ki ngā
tāngata katoa.

Korohihi pō, korohihi ao.

Ko rongo i tūria ki te matahau o Tū, o
Tū-te-winlwinī, o Tū-te-wanawana, o Tū kia
hakuputaina i te wheiao, kia puta ki te
Ao Mārama.

Tihewā, Mauriora Nā reira ka mihi ki te
hunga, rātou ko pania ki ngā tatau o Hine-nui-
te-pō, ki a koutou kua whiti atu i te mate ki
te ora tonu.

Haere mai haere.

Ko koutou rā ko ngā kaiwhatiwhati kī,
ko ngā kaiwhatiwhati kōrero.

Ko te aweawe o te rangi, ko te aweawe
o te whenua.

Kia tū pea mai kia piri, kia tū pea mai
kia tata.

Ka whiti rere a manu ki te paepae
o Uenuku.

Ka tahuri mai o koutou mātakitaki mutunga
ki te ao mahue ake nei koutou.

Ka wheriko, ka nunumi ki tua, haere atu rā,
e moe mai rā koutou.

Ki a tātou te hunga ora e takatū nei, e
hakamomori nei ki ngā āhuatanga o tēnei ao
e pūhia nei tātou e ngā hau āwhā o te wā.

Ko ngā mihi nui rawa atu.

Tēnā koutou, tēnā koutou, tēnā rā
tātou katoa.

OVER 125 WHĀNAU

ACCESSED WHĀNAU
ORA SERVICES ACROSS
KAIKOHE, HOKIANGA
AND WHAINGAROA.

I am pleased to present my second Board Chair Report for Te Hau Ora O Ngāpuhi.

Our mission is to 'provide a healthy and safe community for whānau to thrive in'. Improving the health of Ngāpuhi and contributing to improved health outcomes in our communities are priorities for Te Hau Ora O Ngāpuhi, therefore we must understand the health needs and desires of whānau. This information is critical to ensure that service planning and prioritisation are reflective of the needs of our communities.

Te Hau Ora O Ngāpuhi is based in the main centre of Kaikohe and delivers programmes that contribute to achieving optimal outcomes for whānau. We serve whānau within Te Whare Tapu o Ngāpuhi Iwi boundaries, covering the middle of the Far North from south Hokianga through to Mangakāhia, across to the Bay of Islands and down to the south-western Whangārei district. Kaikohe is the main centre visited by whānau. The services are provided targeting all age groups ranging from pēpi to kuia and kaumātua.

The New Zealand Health Strategy (2016) has a strong emphasis on primary intervention and early intervention to ensure whānau live well, stay well, and get well. The key drivers of this strategy are:

- Persisting inequalities
- A growing and ageing population
- Need to support whānau to be self-managing.

HEALTHY WHĀNAU TO US MEANS:

"Whānau are healthy spiritually, physically, mentally and environmentally; they are connected with each other, have strong support networks, and have the capacity to access the information they require. They work towards attaining tino rangatiratanga through being leaders in their journey towards wellbeing"

Te Hau Ora O Ngāpuhi can celebrate the following Ngāpuhi led achievements during this period:

- No Rheumatic Fever cases in our area
- 100% compliance with the Family Start programme
- Completion of Ngāpuhi Health Needs Assessment
- Whānau Ora Kaiārahi Navigation
- Northland Primary Healthcare Collaboration Kaupapa with Tai Tokerau PHO, Manaia PHO and Northland DHB
- Partnership with Bald Angels Community Trust with the following campaigns:
 - › Keep our kids Warm
 - › Coats for Kids
 - › Kai Easy
 - › Te Ara Oranga – Meth Free Ngāpuhi Campaign
- Certified with ISO: 9001:2015 Quality Management System to January 2020
- Whānau Ora partner with PHARMAC.

The organisation's greatest achievement over the past twelve months has been the completion of the Ngāpuhi Health Needs Assessment. The purpose of the Health Needs Assessment was to better understand the health needs of whānau within Te Whare Tapu O Ngāpuhi Iwi boundaries. There was a particular focus on the community of Kaikohe and neighbouring areas as this is where the organisation's office is located and the majority of whānau accessing services reside.

The outcomes of interest were to identify the priority health areas for intervention among Ngāpuhi communities, to identify perceptions around health and well-being, to uncover key drivers and barriers to healthy behaviours and to gather community driven ideas for how to improve health and well-being with a specific focus on physical activity, healthy eating and nutrition, vaccines and immunisations.

The Health Needs Assessment draws on both quantitative and qualitative information sources. Quantitative data comes from sources which are already available and provided by leading health organisations within the Northland region. Qualitative data comes primarily from a community health survey of whānau living in Kaikohe and neighbouring areas. Given, we provide services to all age groups, we gathered feedback from a broad age range, from tamariki to kuia and kaumātua.

Whānau Ora has played a significant role in providing wrap around services to whānau. Te Hau Ora O Ngāpuhi are the lead for the Kaiārahi - Navigator service and as a member of the Te Pū O Te Wheke have shared the Kaiārahi resource with Hauora Hokianga and Te Rūnanga O Whāingaroa. Kaiārahi have worked with over 125 whānau who have accessed services to assist with social housing, the return of their children in care, whānau violence and chronic illness management. The engagement with whānau are positive and trusting relationships have been established and maintained.

The Board Directors have provided effective governance and leadership to the organisation's management team by providing strategic direction and guidance with a clear vision with integrity and confidence.

In summary, I would like to acknowledge the Directors, the General Manager and kaimahi for their hard work, continued efforts and commitment to whānau, the community and Te Hau Ora O Ngāpuhi.
